

# Pack 1970 Pinewood Derby Design Classification

## Classification 1

“Most Creative Automotive Design”

This design class refers to the individuals whom have displayed the most creative use of the block of wood they were given to work with, with an automotive theme.

- Did the Scout use the wood block more creatively than others?
- Did they add wood to make wheel fenders or spoilers?
- Did they use additional characters or ancillary items in a creative fashion?
- Do they have a really shiny paint job?

These are the sample questions used for judging this classification.

## Classification 2

“Best Vehicle Design”

This design class refers to the individuals whom have displayed the most creative use of the block of wood they were given to work with, outside of the automotive theme.

- Did the Scout create a unique shape?
- Did they add characters to aid in their creative quest?
- Did they use unique materials to create their vehicle?

These are the sample questions used for judging this classification.
